### Commander - Larry Ebstein, P

Greetings from the Commander

I would like to report some of our successes at the Vero Beach Power Squadron, America's Boating Club.

In March, along with our other great social and boating event, we had a wildly successful St Patrick's day dinner and great party. Corn Beef and Cabbage with all the fixins. We have Kathie and Dan Thomas to thank and all their Leprechaun helpers too numerous to mention.

April saw the Vero Beach Boat Show which always gets us lots of folks for our ABC course and subsequently great new members. We also did our second annual Philly Cheesesteak Friday night social always a big hit with members from up north.

Also I don't want to forget the Spring District 8 Conference held in Palm Beach Gardens, we had a great showing of Officers and members, Let's not leave out that or Past Commander Tamara Smith was sworn in as District 8 Administrative Officer, and our own Mary Wohlstein received a special award from the D8 commander for all of her work helping to co-ordinate and help run the District meeting for the last few years, she is retiring from that job, she thinks, I'm sure there will be questions only Mary will have the answer for. Also our Sq. Member Janet Leh has passed the torch as D8 commander to Ed Hoover the new D8 Commander.

May will usher in Safe Boating Week and, our yearly Memorial Day BBQ always fun and always a good time.

One more thing, we had our Spring Boys and Girls Club fishing event which was delayed form

'Go after wisdom!'

Solomon was the wisest (and probably richest) man to ever live. As King, he explains why we should earnestly pursue this precious gift: "Happy is the man who finds wisdom, and the man who gains understanding; for her proceeds are better than the profits of silver, and her gain than fine gold. She is more precious than rubies, and all things you may desire cannot compare with her. Length of days is in her right hand, in her left hand riches and honor" (Proverbs 3: 13-16). Few people have ever had both wisdom and riches. Solomon did, and he knew that wisdom was his most valuable possession. Wisdom refers to a skill, or it can denote an applied skill. Wisdom incorporates every aspect of our lives and it involves a change of behavior and a commitment to irrevocable values. Those who are wise have solutions to problems because they know how to approach them and put them into a proper perspective. It takes practice and discipline but the rewards of wisdom are the greatest treasure man can aspire to.
